Attend an Orientation
The comprehensive orientation will not only review guidelines, but will also illustrate what you can expect as a foster parent. Agency representatives will be happy to answer all your questions during the orientation.

Complete the Application
After orientation, the agency you select will provide you with a licensing application packet, which in general will include the Licensing Record Clearance Request BCAL-1326 form used for fingerprinting, licensing application, medical clearance forms and other agency specific paperwork.

Participate in a Home Evaluation
The agency you select will meet with your family several times for on-site home visits and interviews. After you attend orientation and submit your application, your agency will schedule your first home visit.

Attend Free Training
Agencies will help you secure Parent Resources for Information Development and Education (PRIDE) training, which offers valuable information related to becoming a licensed foster parent. Licensed foster parents need to complete 12 hours of PRIDE training. Once you are licensed, you have 18 months to complete an additional 12 hours of PRIDE training.

Foster Care Navigators will support you through each step toward becoming a licensed foster parent!

A Navigator who has experience as a foster parent, will be available at a time that is most convenient for you.

Together, you and the Navigator come up with solutions that may prevent or hold up the foster parent licensing process.

The Navigator will work for you to assure progress towards becoming a licensed foster parent happens.

Information on the Foster Care Navigator website (fcnp.org) is available 24 hours a day, 7 days a week and 365 days a year.

Foster Care Navigator services will be delivered using a strength based and solution focused model.

As members of the fostering community, the Foster Care Navigators have a unique skills set designed to assist current and prospective foster parents by providing the following services:

• Connecting you with resources within your own community.

• Emotional and concrete support to address challenges you may face while on the path to becoming a foster parent.

• At times, acting as a liaison between you and the licensing agency.

• Connecting you with a support group within your own community.
